Validate Phone

To use your unlocked GSM phone, simply order a Solavei SIM card and enjoy the same service on your existing phone. If your phone is locked, we recommend you call your previous carrier and ask them to unlock it.

Follow these two simple steps to see if your phone is supported on the Solavei service.

1. Get your IMEI number

Go to your dialpad and type ***#06#** and your IMEI should appear

► [Can't find the IMEI number?](#)

*If your previous carrier was Sprint, Verizon, Boost, Virgin or MetroPCS, your phone is not supported. Blackberries are not supported.

2. Validate your IMEI

Please enter your 15 digit IMEI number

Re-enter your IMEI number to confirm

✓ **Congratulations! You have a usable phone.**

Although this phone is not officially supported by Solavei, assuming it is unlocked, you should be able to place in a Solavei SIM and get access to voice, text, and data at up to 2G/Edge speeds (depending on phone and network availability).

This happens to be the IMEI number of a GSM iPhone 4. Please use the IMEI from the customer's BYOP

The screenshot shows the Solavei BETA website interface. At the top left is the Solavei logo with 'BETA' underneath. To the right are navigation links: 'Dashboard', 'Network', 'Account', and 'Support'. Further right is the user name 'fosterleadership' and icons for chat and notifications. The main content area is titled 'New Member Setup' and '3 of 4: Social Member Sign Up'. It features an image of a purple Solavei Visa Debit card. To the right of the card, there is a section titled 'What's a Social Member?' with a paragraph of text and a section titled 'The Perks' with a bulleted list. At the bottom right, there are two buttons: a grey 'Back' button and an orange 'Next' button. The 'Next' button is circled in red, and a red arrow points to it from above. The 'Back' button is crossed out with red scribbles.
